# Slime-Away

## Sticky Tab

Use **Slime-Away** and eliminate most of the extra maintenance problems such as odors, overflows and water damage caused by plugging condensate drains and pans. **Slime-Away** tabs are easy to use, completely soluble, do not form any deposits in the pan or drain, and are safe, non-toxic, and non-corrosive. **Slime-Away** tabs clean sludge, scum and other accumulations in condensate drain pans preventing the odors caused by these accumulations.

**DIRECTIONS FOR USE:** 1 **Slime-Away** can last for an entire normal cooling season. Use 1 **Slime-Away** blue tab for each 20 tons or less of air conditioning. Place 1 **Slime-Away** in the condensate pan and position so that the condensing moisture drips on or runs over the **Slime-Away** tab. The dissolving action forms a gel and locks the **Slime-Away** into place, slowly releasing treatment for extended cleaning action.

### H-PT20i

#### Condensate Drain Treatment

1 Tab treats up to 20 tons of system

**DANGER:** Keep Out Of Reach Of Children.  
See precautions on panel below.

**Net Contents: 1 Tablet**

### H-PT20B

#### Condensate Drain Treatment

1 Tab treats up to 20 tons of system

**DANGER:** Keep Out Of Reach Of Children.  
See precautions on panel below.

**Net Contents: 6 Tablets**

### H-PT20BG

#### Condensate Drain Treatment

1 Tab treats up to 20 tons of system

**DANGER:** Keep Out Of Reach Of Children.  
See precautions on panel below.

**Net Contents: 56 Tablets**

### H-PT20i, H-PT20B, H-PT20BG

**DANGER:** Harmful if swallowed. Causes severe skin burns and eye damage.

Do not breathe dust. Wear protective gloves, protective clothing, eye protection, and face protection. Wash face, hands, and any exposed skin thoroughly after handling. Do not eat, drink, or smoke when using this product.

**FIRST AID:** IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER/doctor if you feel unwell. IF ON SKIN (or hair): Take off immediately all contaminated clothing.
