

Slime-Away

Sticky Tab

KEY FEATURES

Condensate Drain Treatment

1 Tab Treats Up To 7 Tons Of System Capacity

Controls Overflows, Controls Odors, Controls Water Damage

Part #	Product	QTY	Size
H-PT7i	Slime-Away Clamshell	6	1.75 X 1.5 X 0.5"

Use Slime-Away and eliminate most of the extra maintenance problems such as odors, overflows and water damage caused by plugging condensate drains and pans. Slime-Away tabs are easy to use, completely soluble, do not form any deposits in the pan or drain, and are safe, non-toxic, and non-corrosive. Slime-Away tabs clean sludge, scum and other accumulations in condensate drain pans preventing the odors caused by these accumulations.

Directions For Use: 1 Slime-Away can last for an entire normal cooling season. Use 1 Slime-Away yellow tab for each 7 tons or less of air conditioning. Place 1 Slime-Away in the condensate pan and position so that the condensing moisture drips on or runs over the Slime-Away tab. The dissolving action forms a gel and locks the Slime-Away into place, slowly releasing treatment for extended cleaning action.

DANGER: Harmful if swallowed. Causes severe skin burns and eye damage.

Do not breathe dust. Wear protective gloves, protective clothing, eye protection, and face protection. Wash face, hands, and any exposed skin thoroughly after handling. Do not eat, drink, or smoke when using this product.

FIRST AID: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER/doctor if you feel unwell. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. IF INHALED: Remove person to fresh air and keep at rest in a position comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor.

STORAGE: Store locked up. **DISPOSAL:** Dispose of contents and container in accordance with all local, regional, and national regulations.
