Slime-Away

Sticky Tab

H-PT7i

Condensate Drain Treatment

1 Tab treats up to 7 tons of system

DANGER: Keep Out Of Reach Of Children.
See precautions on panel below.

Net Contents: 1 Tablet

H-PT7B

Condensate Drain Treatment

1 Tab treats up to 7 tons of system

DANGER: Keep Out Of Reach Of Children.
See precautions on panel below.

Net Contents: 15 Tablets

H-PT7BG

Condensate Drain Treatment

1 Tab treats up to 7 tons of system

DANGER: Keep Out Of Reach Of Children.
See precautions on panel below.

Net Contents: 145 Tablets

H-PT7i, H-PT7B, H-PT7BG

DANGER: Harmful if swallowed. Causes severe skin burns and eye damage.

Do not breathe dust. Wear protective gloves, protective clothing, eye protection, and face protection. Wash face, hands, and any exposed skin thoroughly after handling. Do not eat, drink, or smoke when using this product.

FIRST AID: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER/doctor if you feel unwell. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. IF INHALED: Remove person to fresh air and keep at rest in a position comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor.

Storage: Store locked up

Disposal: Dispose of contents and container in accordance with all local, regional, and national regulations.

Use **Slime-Away** and eliminate most of the extra maintenance problems such as odors, overflows and water damage caused by plugging condensate drains and pans. **Slime-Away** tabs are easy to use, completely soluble, do not form any deposits in the pan or drain, and are safe, non-toxic, and non-corrosive.

Slime-Away tabs clean sludge, scum and other accumulations in condensate drain pans preventing the odors caused by these accumulations.

DIRECTIONS FOR USE: 1 **Slime-Away** can last for an entire normal cooling season. Use 1 **Slime-Away** yellow tab for each 7 tons or less of air conditioning. Place 1 **Slime-Away** in the condensate pan and position so that the condensing moisture drips on or runs over the **Slime-Away** tab. The dissolving action forms a gel and locks the **Slime-Away** into place, slowly releasing treatment for extended cleaning action.
