

POE220

Synthetic Polyol-Ester Refrigeration Lubricant

KEY FEATURES

For Use with Environmentally Sound HFC Refrigerants, OEM Approved

Excellent Lubricating Properties Over a Wide Temperature Range

Superior Corrosion Resistance, Plus Excellent Oxidative and Hydrolytic Stability

Good Load Carry Capabilities & Excellent Retrofit Capabilities

Part #	Product	QTY	Size
P-22001	POE Oil	4	1 Gal Cans
P-22032	POE Oil	12	32 oz Cans
P-22005	POE Oil	1	5 Gal Pail

Hydro-Balance POE Series

Polyol-Ester based refrigeration lubricants are specifically formulated for use with environmentally friendly HFC refrigerants. They are also suitable with HCFC and CFC refrigerants which make them suitable for many applications.

Typical Compressor Applications

POE220 is used in screw compressors of industrial and commercial chillers and A/C packages utilizing HFC refrigerants.

Contents of this container are manufactured by leading producers of Polyol-Ester refrigeration lubricants and meet the specifications of many equipment and compressor manufacturers. Always consult your manufacturer for specific applications.

NOTE: Refrigeration lubricants absorb moisture from the air. This container is packaged under dry nitrogen to maintain product integrity. Keep container tightly sealed until time of use and when not dispensing.

Store locked up. Dispose of contents and container in accordance with local, regional, national, and international regulations.

Contains tricresyl phosphate [1330-78-5].

WARNING: Suspected of damaging fertility or the unborn child. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves and eye protection.

FIRST AID: IF exposed or concerned: Get medical advice/ attention. INHALATION: Remove person to fresh air and keep comfortable for breathing. IF ON SKIN: Wash with soap and water. IF IN EYES: Rinse eyes with water as a precaution. If eye irritation persists: Get medical advice/attention. IF SWALLOWED: Rinse mouth. Do not induce vomiting. Call a poison center/ doctor/physician if you feel unwell.
